Pitching Rules Minor League

Spring Guidelines:

1. Pitching Limitations

Max pitches per game / day	Rest Period		
	0 days	1 day	2 days
75	1 - 40	41 - 65	66+

2. If the pitcher reaches the maximum pitch count limit while facing a batter, he may continue to pitch until the batter reaches base safely or is put out.

3. Upon 2 (two) trips to the mound by a coach in the same inning with the same pitcher - manager must remove the pitcher from the mound and the pitcher is ineligible to return as pitcher for that game.

4. Any and all pitchers that have thrown a pitch in a game are ineligible to re-enter the game as a pitcher once a subsequent pitcher on the same team has thrown a pitch in the game.

5. Pitching rules broken will result in the pitcher not being able to pitch in their next eligible game. Managers will be suspended for 1 (one) game or more based on the decision by the Baseball Board of Directors.

6. Regardless if a game was forfeited before it became a regulation game or after it became a regulation game, all pitches will count towards the pitch count.

Travel Pitching Guidelines:

Travel baseball participants are children from our league. It is recognized that we are primarily a recreational league. However, it is also acknowledged that travel play improves the level of play within our league and the skill level of our players. Here are the parameters which involve pitching:

1. Pitches per game – We will not deviate from our Cal Ripken/Babe Ruth innings per week guideline.

2. As travel games mostly occur on Sunday, in order to meet the Cal Ripken/Babe Ruth requirement for proper rest whenever a recreation team and travel team play in the same week (Monday – Sunday) the recreation program managers will be asked to pitch a child for no more than 40 pitches.

3. So that each recreation manager will know what to expect each week the travel managers will be asked to announce by Monday of each week if they have games that Sunday. They will also declare from their travel roster the pitchers for the Sunday games. Recreation managers are then encouraged to impose the 40 pitch count maximum. Any pitcher not declared by the travel manager is available to pitch his full complement of pitches for the recreation team that day.

4. Pitch counts per league guidelines are in force in both recreation and travel play.

5. In the event a recreational manager uses a travel requested pitcher more than allotted pitches per game on Saturday, the rec manager is requested to send an email to the requesting travel manager or travel director.

6. During recreational playoffs, no travel requests are allowed for any pitcher with a scheduled playoff game during the requested week.
